

To the members of FIFA

Circular no. 1221

Zurich, March 2010

FIFA Anti-Doping Regulations

Dear Sir or Madam,

We are pleased to send you herewith the FIFA Anti-Doping Regulations that enter into force on 1 April 2010.

Only minor adaptations to the FIFA Anti-Doping Regulations 2009 were necessary. The most important change is that reference is made to the Prohibited List published by the World Anti-Doping Agency (WADA). In other words, the currently applicable version of the WADA Prohibited List is in force for the purposes of the FIFA Anti-Doping Regulations.

We would like to reiterate that all member associations are obliged to adopt the FIFA Anti-Doping Regulations within their own jurisdiction and to ensure that they are applied in their doping procedures. In this regard we refer to the explanations given in circular 1189 and want to urge those associations which have not yet sent their adapted anti-doping regulations to FIFA, to provide FIFA with a copy to their earliest convenience.

We ask you to study the FIFA Anti-Doping Regulations carefully and to inform your affiliated clubs, players and all other persons concerned accordingly.

We remain at your disposal for any questions relating to the above.

Yours faithfully,

Jérôme Valcke
Secretary General
