## DRAW PROCEDURE

- The four pots representing the teams are labelled 1 to 4.
- The three pots representing the venues are labelled Groups E to G. In each pot, there are four balls which contain the position numbers 1, 2, 3 and 4 of each respective group.
- The draw starts with Pot 1 and ends with Pot 4. Each pot is completely emptied before moving on to the next pot.
- A ball from a team pot will be drawn, followed by a ball from one of the groups, thus determining the position in which the respective team will play.

## **DRAW CONSTRAINTS**

- 1- In Pot 1, Japan will have a red ball and will be preassigned to position E1 as hosts.
- 2- FIFA's general principle is to ensure that no group has more than one team from the same confederation drawn into it.
